C++ Framework and Toolkit for Control Applications
Version 1.1

SOFTWARE LICENSING AGREEMENT

All material in this Zip file is the property of T. H. E. Solution LLC. By using the content of the Zip file you agree to the terms of this license. You have the right to use this software with the following restrictions:

RESTRICTIONS

You may use the material in any manner you wish. You may distribute any binary applications that result from using this material in any manner you wish. You may not sell, rent, license or otherwise distribute any executable part of this material, any of the associated source code and documentation, or any source code or documentation derived from this material except under the following conditions:

1. The complete C++ Framework and Toolkit Zip file with all content and copyright notices intact must be included in the distribution.
2. This licensing agreement will apply to the material.
3. The distribution of this material must be free.
4. Any source code or documentation derived from this material must still include the original copyright notices.

COPYRIGHT

All intellectual property rights to this material are owned by T. H. E. Solution LLC and are protected by United States copyright laws and international treaty provisions. T. H. E. Solution LLC retains all rights not expressly granted.

LIMITATION OF LIABILITY

In no event will T. H. E. Solution LLC be liable for any damages direct or indirect arising out of the use of or inability to use this material.
